

LAC180

Linear actuator for solar street light systems

★ Features

Adjustable stroke

Optical sensor

Acme screw

Self-locking

Water & dust resistant

Enhanced antirust quality

High performance & service life

High precision

Heavy duty bracket and static load capacity

Option

Stroke length: 6 (inch)

Voltage: 12/24 /36 VDC

Sensor type : optical

Drive screw : Acme

★ Rating

Operating temperature: from -30 to 50°C

★ Spec.

Actuator Type	Rod type		
Stroke length	6"		
Optimal stroke	4"~5"		
Static Load	2,940 N		
Load capacity	1,470N		
Dynamic load	2,450 N		
Speed(Non-load)	-		
Resolution	-		
Input Voltage	36VDC		
Load current	≤2.5A		
Duty cycle	20%		

★ Packaging

Packing spec.	43*15*12(cm)
Weight	2.9 kgs
